The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES
39 of November 5, 2014

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

AWARD OF CONTRACTS FOR AS-NEEDED VEHICLE AND EQUIPMENT REPAIR AND TOWING SERVICES PROGRAM (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

SUBJECT

This action is to award 59 contracts for a variety of as-needed vehicle and equipment repair and towing services throughout the County of Los Angeles with various contractors.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the contract work is categorically exempt from the provisions of the California Environmental Quality Act.
2. Award 59 contracts for As-Needed Vehicle and Equipment Repair and Towing Services Program in an annual aggregate contract sum of \$5,000,000 to various contractors. These contracts will be for an initial term of 5 years commencing on January 1, 2015, or upon execution by each party, whichever occurs last, with two potential additional 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential contract term of 90 months and a maximum potential program sum of \$37,500,000.
3. Authorize the Director of Public Works or her designee to annually increase the program amount up to an additional 10 percent of the annual contract sum for unforeseen, additional work within the scope of the contract, if required.
4. Authorize the Director of Public Works or her designee to execute future contracts under this

program to additional contractors that meet all the requirements described in the Request for Statement of Qualifications for a term not to exceed a total contract period commencing on execution by each party and ending on December 31, 2021, including renewal options, if exercised, and a month-to-month extension for up to 6 months; to renew the contracts for each additional renewal option and extension period if, in the opinion of the Director of Public Works or her designee, the contractors have successfully performed during the previous contract period and the services are still required; to approve and execute amendments to incorporate necessary changes within the scope of work; and to suspend work if, in the opinion of the Director of Public Works or her designee, it is in the best interest of the County of Los Angeles to do so.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to obtain as-needed and intermittent vehicle and equipment repair and towing services to maintain the Department of Public Works vehicles and equipment at the Public Works headquarters and field facilities in Altadena, Baldwin Park, Central Los Angeles (Lincoln Heights), Hollywood, Palmdale, and Westchester to supplement the work of County forces during peak periods. Public Works has contracted for these services to respond to workload peak periods and to perform as-needed specialty work/repairs since 1988. Awarding these contracts will allow Public Works to ensure timely response to workload requirements.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness/Fiscal Sustainability (Goal 1), Community Support and Responsiveness (Goal 2), and Integrated Services Delivery (Goal 3). The contractor who has the specialized expertise to provide these services accurately, efficiently, timely, and in a responsive manner will support Public Works in meeting these goals.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The program is for an aggregate annual amount of \$5,000,000 plus 10 percent for unforeseen, additional work within the scope of the contracts. This amount is based on the hourly price quoted by the contractors and our estimated annual utilization of the contractors' services.

Funding for these services is included in Public Works' various fund Fiscal Year 2014-15 budgets. When the need arises for services under these contracts, financing the required services will be from the appropriate fund source. Total annual expenditures for these services, however, will not exceed the program amount approved by the Board. Funds to finance the program's optional years and 10 percent additional funding for contingencies will be requested through the annual budget process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The contracts will be in the form substantially similar to the form previously reviewed and approved by County Counsel (Enclosure A). Prior to the Director of Public Works or her designee executing these contracts, the contractors will sign and County Counsel will review them as to form. The recommended contracts were solicited on a qualifications basis and are in accordance with applicable Federal, State, and County requirements. The contractors are in compliance with the requirements of the Chief Executive Officer and the Board.

The award of these contracts will not result in unauthorized disclosure of confidential information and will be in full compliance with Federal, State, and County regulations. These contracts contain terms and conditions supporting the Board's ordinances, policies, and programs including, but not limited to: the County's Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; and Defaulted Property Tax Reduction Program Ordinance, Los Angeles County Code, Chapter 2.206; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The recommended 59 contractors are listed in Enclosure B. These contracts will commence on January 1, 2015, for a period of five years. With the Boards' delegated authority, the Director or her designee may renew these contracts for two potential additional 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential contract term of 90 months.

It is requested that the Board delegate to the Director or her designee the authority to execute the individual contracts with each contractor. This will eliminate the need to process each contract through the Board. Public Works will leave the Request for Statement of Qualifications (RFSQ) open in order to continue to receive statements of qualifications and pricing from additional vendors. With the Board's delegated authority, the Director or her designee will execute additional contracts with contractors who meet the RFSQ requirements on an annual basis or as deemed necessary by Public Works.

Data regarding the proposers' minority participation is on file with Public Works. The contractors were selected upon final analysis and consideration without regard to race, creed, gender, or color.

Proof of the required Comprehensive General and Automobile Liability insurance policies, naming the County as additional insured, Garage Keepers' Liability and evidence of Workers' Compensation insurance will be obtained from the contractors before any work is assigned.

Pursuant to the applicable memorandum of understanding, the RFSQ for these contracted services was submitted on July 9, 2014, to the appropriate union for review. The union has not asked to meet with Public Works regarding this solicitation.

Public Works has evaluated and determined that the Living Wage Program (Los Angeles County Code, Chapter 2.201) does not apply to these recommended contracts, which are for services required on an as-needed and intermittent basis; hence, these contracts are not Proposition A contracts (Los Angeles County Code, Chapter 2.121).

These contracts do not allow for a cost-of-living adjustment for the optional years.

ENVIRONMENTAL DOCUMENTATION

These services are categorically exempt from the provisions of the California Environmental Quality

Act (CEQA). These services are within a class of projects that has been determined not to have a significant effect on the environment in that they meet the criteria set forth in Section 15301, Class 1(d) of CEQA.

CONTRACTING PROCESS

On July 10, 2014, Public Works solicited proposals from 580 independent contractors and community business enterprises to accomplish this work. Also, a notice of the RFSQ was placed on the County's "Doing Business With Us" website (Enclosure C), and an advertisement was placed in the Los Angeles Times.

On August 14, 2014, 59 statements of qualifications were received. The statements of qualifications were first reviewed to ensure they met the minimum requirements outlined in the RFSQ. In accordance with the award criteria outlined in the RFSQ, Public Works is recommending that all 59 contractors be offered the opportunity to enter into a contract with the County for their specialized services.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of these contracts will not result in the displacement of any County employees as these services are presently contracted with the private sector.

CONCLUSION

Please return one adopted copy of this letter to the Department of Public Works, Administrative Services Division.

Respectfully submitted,

A handwritten signature in cursive script that reads "Gail Farber".
